# Zapier Lead Acquisition Automation

## for The Velvet Fork Restaurant

Streamlining Customer Leads with Smart Automation

**Prepared for:**
**The Velvet Fork Restaurant**

Date: August 21, 2026

# Why Automate Lead Acquisition for

# The Velvet Fork Restaurant?

- Restaurants lose potential bookings when leads slip through slow forms, scattered inboxes, and manual follow-up.
- Capture leads instantly and accurately
- Reduce manual data entry errors
- Speed up customer engagement with timely email follow-up

**Zapier** connects Google Forms and Email to create a seamless lead flow for **The Velvet Fork**.

## Instant Capture

Never miss a lead. Capture the moment interest is shown.

## Accurate Data

Eliminate manual entry and keep your lead data clean and reliable.

## Faster Engagement

Send timely email follow ups so every lead gets a quick, personal response.

# Automation Workflow
# Steps Explained

1

## Trigger

**New lead submission via Google Forms**

When a potential customer submits their details (name, email, interest)

2

## Action 1

**Add lead data to Google Sheets**

Automatically log lead information for record keeping and analysis

3

## Action 2

**Send a personalized welcome email via Gmail**

Immediate engagement with a thank-you message and reservation info

# Successful Test Run Demonstration

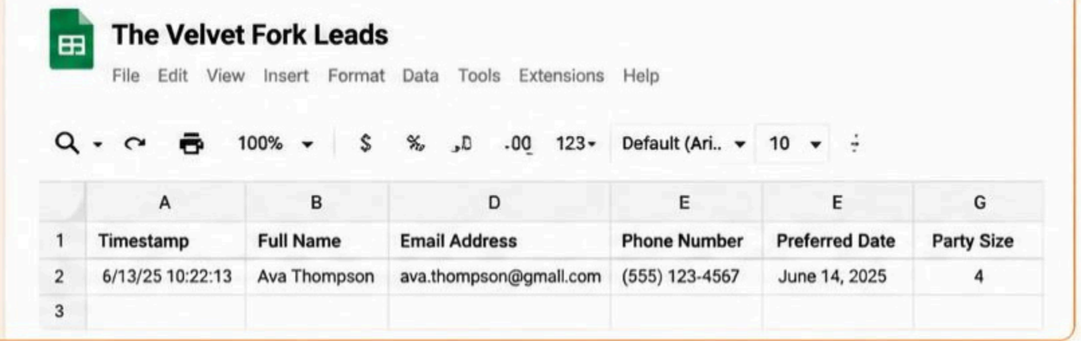

- A lead is submitted through **Google Forms**
- The lead appears instantly in **Google Sheets**
- An automatic **Gmail** email is sent to the lead

**This test confirms the automation works smoothly, capturing leads and sending instant emails without manual effort.**

**1** Lead submitted via **Google Forms**

**2** Lead added automatically in **Google Sheets**

**3** Instant email sent via **Gmail**
